*The route may vary slightly by using GPS

** Although the route is fixed, deviate as your heart desires. You must arrive at the final destination (Hazy Mountain Vineyard) on time. The long weather forecast predicts clear skies, sunny and cool days. This is perfect touring weather.

A Recommendation to Further Enhance the Experience

We highly recommend communication between vehicles be via FRS radio. Drivers must have an FRS handheld 2-way radio. Any FRS (Family Service Radio) is adequate. Bring a USB style charger with 12-volt car adapter for your radio. Connect the FRS radio to your car's 12-volt or USB port; otherwise, the battery will be depleted during the drive and important information will be missed.

If you don't have a FRS radio, borrow one, or purchase a radio (\$30) from an outdoor/sporting store or Amazon. The radio must be clearly identified as "FRS".

Set your radio to channel 11, no tone control. We're going to keep it simple. If Ch 11 is busy, we'll move to an adjacent vacant channel.
